ITINERARY

Participants will pick up 10.30 -11.55 AM (Guide will inform one day before the D-day)

DAY 1

Kelor (Hill with a 360-Degree Panorama:

In Labuan Bajo, visitors can hike up steep hills to witness breathtaking views of the surrounding island clusters and the sea from above)

Manjarite (This island features a very long, aesthetic wooden pier that stretches for hundreds of meters.

It is a favorite photo spot, and you can go snorkeling to discover various types of ornamental fish, colorful coral reefs, and even blue ribbon eels)

Stroberi Rock (The rocks on this island feature a rare pinkish-red hue. This color comes from specific minerals within the stones that appear to glow even more vibrantly when hit by sunlight, especially during the late afternoon) (Conditional)

Kalong (Enjoy the sunset while watching thousands of fruit bats (kalong) emerge from their nests)

Padar / Gili Lawa (Choose one, subject to quota availability. One of the most spectacular views in the entire Komodo region. From the top of its hill, you can see the iconic curves of the bay with crystal-clear ocean gradients shifting from light blue to deep navy)

Desa Komodo / Rinca (Choose one, subject to quota availability. Tracking to Seeing Komodo Dragon)

Pink Beach / Namong (One of the few pink sand beaches in the world, offering a stunning contrast of rosy sands, turquoise waters, and vibrant coral gardens perfect for snorkeling)

Manta Point (Experience the thrill of swimming alongside majestic giant Manta Rays in their natural habitat at Manta Point, one of the world's most renowned drift snorkeling spots.)

Taka Makassar (Taka Makassar is a stunning crescent-shaped sandbar emerging from the turquoise waters. This tiny island of white sand offers a surreal 'pool-like' swimming experience in the heart of the ocean)

DAY 3

Kanawa / Strue Island (Enjoy the beach and snorkeling)

Back to labuanbajo about 10.00 - 11.00 AM

See Next U Trip...!!!

NOTE :

Itinerary maybe change on the sea condition, the weather & collective agreement
